### REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: The prior art of record fails to disclose a urinary incontinence device comprising a resilient member having a trapezoidal shape, in combination with a non-absorbent core folded into an M-shaped profile, the resilient member being located between the folds of the M. The closest prior art of record, Zunker et al. (WO 00/37012) discloses a rectangular resilient member. The trapezoidal resilient member is advantageous over the rectangular resilient member because the shape causes the expanded member to exert pressure differently and allows the non-absorbent core to fold upon itself more cleanly, as described in the Remarks dated 9 August 2004. The prior art of record therefore does not anticipate or clearly suggest the claimed invention.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to C. Lynne Anderson whose telephone number is (703) 306-5716. The examiner can normally be reached on Monday through Friday.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Larry Schwartz can be reached on (703) 308-1412. The
